

# MAKING AN IMPACT

The KCJH IMPACT group worked the concessions at a KCHS volleyball tournament in Greensburg on October 6. The hard working IMPACT committee members did a great job! It was long and the tournament lasted almost all day. Some of the members worked more than one shift, which was greatly appreciated.

In the concession part of the job, the group made around \$630. In the popcorn stand, they made just over \$100 dollars. Recently, at an earlier popcorn stand, they made around \$40. This gives the JH IMPACT group an estimated amount of about \$770. This money will give the group enough to work with in future projects or community services. Great job, IMPACT!

KCJH IMPACT students cleaning up around the school grounds before the night's big, HOMECOMING football game on October 28. #LoveKC

## DID YOU KNOW...?

The first Jack-O-Laterns were actually made from turnips.
